Judge Schiller,

17-2964

I signed the settlement w/ the impression ~~that~~ you would request changes based on this conflict: It includes a project w/ a pending copyright registry in my name, but it promises I not dispute Inagos if they claim ownership of the copyright.

The copyright is currently in dispute between myself and Turner Broadcasting.

I alerted Jen Penney of the issue, and she apparently failed to relay this detail.

Please help me. Thank you.
